

Attorney Docket No.: FMCE-P101

In the Specification

Please insert the following paragraph before the paragraph beginning on line 14 of page 8 (note that this paragraph will follow the new paragraphs added by the Amendment of November 18, 2005):

In one embodiment of the invention the monolith may comprise a crossflow design, wherein the gases travel through one series of channels and a cooling medium travels through a second series of transverse channels which alternate vertically with the gas channels.
